04 — HOW IT WORKS

This isn't magic. It's *alignment*.

Crystals like quartz are used in watches because they vibrate at stable frequencies. Your body? Also energy. Wearing stones helps you tune in — so you stop spiralling every 10 minutes.

- 02 **Wear your stones**

Slip on your match. Let the frequency do its quiet work, daily.
- 03 **Notice the shift**

Calmer thoughts. Sharper choices. Subtle but very real alignment.

05 — ANCIENT WISDOM, MODERN POV

Crystals weren't invented by *Instagram*.

Civilisations used stones for thousands of years — not because it was trendy, but because they observed something real.
